Dissolution of Partnership

Public notice is hereby given that the partnership hitherto existing between R. H. Whithead and Louis Norgard has been dissolved by mutual consent. The business will be taken over by Louis Norgard to whom all accounts must be paid, and by whom all debts owing by the firm will be paid. Dated at Claresholm this first day of Feb., 1916.

LOUIS NORGARD
R. H. WHITEHEAD

The London Weekly Despatch states that the next budget will include taxes on theatres, music halls, motion picture theatres and other amusements. Railway tickets, it starts will be taxed, while it is probable that there will be a 25 per cent. duty on imported automobiles and pianos and that a number of other unnecessary imports will be taxed, due regard being paid to the feelings of the colonies and the neutral countries.

Auction Sale

On Premises of Mrs. Walters

One and a half miles north-east of Claresholm

Saturday, Feb. 5
commencing at 11 a.m.

The following are some of the things that will be offered for sale:

THE OLD RED STAND
J. W. Hallett

Local and General

Stanley Ferguson and wife arrived from the east on Sunday night. Don't forget the sale at Mrs. Walters farm on Saturday next.

We are sorry to hear that Mrs. Rogers and son Wm have been sick for the past week.

Mr. A. H. Tovell, wife and daughter left for Walla Walla, Wash. to visit their uncle and aunt.

There is considerable sickness in town. Influenza seems to be epidemic.

Major James and Captain McKinnon were in town this week looking up recruits.

Mrs. T. E. Chilton, from the Star Line, is visiting her mother, Mrs. Rogers, who has been sick for the past week.

Last week Claresholm passed through the coldest week of the winter so far. The glass was down as low as 42 several nights in succession.

J. W. Hallett, Mrs. MacKinnon and R. K. Peck were delegates to the Temperance and Moral Reform Convention this week in Calgary.

On Monday morning Miss Ray died at the home of her sister Mrs. Booth, cause of death being tuberculosis. Funeral took place on Tuesday afternoon.

Rev. Mr. Toombs, of Nanton, occupied the pulpit at the Presbyterian church on Sunday last and Rev. Mr. McGinnis, of Granum, will occupy it on Sunday next.

A large quantity of machinery and other goods will be sold at Mrs. Walters' sale besides what is on the bills. Get in time for the bargains.

J. W. Tyerman, who has been visiting his daughter, Mrs. A. Perry, since last fall left Tuesday for his home in Manitoba. Mr. Tyerman thinks that Manitoba is good enough for him.

A series of special religious services will be held in the Methodist church commencing next Sunday night. They will be conducted by Rev. McNiven. Everybody will be welcome.

At the agricultural college rink on Saturday next there will be a hockey match between the college teams of Claresholm and Olds. This will doubtless be a fast game and will excite some fine playing. A dance will follow in the evening.

The weather man predicts cold weather for February, and also states that the worst storm of the year is due about the middle of the month between the 16th and 18th. Farmers should take warning and protect their stock.

There will be two prayer services this week at the Methodist church at 8:00 o'clock—Wednesday and Friday evenings. These services are preparatory for the special meetings which begin on Sunday p.m. Mr. D. A. Rudd, of Livingston, will sing at these meetings. Everyone is welcome.

According to reports children who have season tickets at the skating rink are getting very little benefit from them. Every fine day when children should be able to skate the rink is either being flooded or used for hockey matches. Those running the rink ought to see that the ice is ready for the youngsters between 3 and 6.

Mr. Gerald McClean and A. F. Boniface enlisted in the 13th O. M. R. on Monday last. Both of these men have large families but the call of Empire was too strong for them. To see men of this sort enlist should bring the blush of shame to the faces of the young men who are shirking their duty to the Empire and to the cause of humanity. What are you going to do about it, boys?

Sacramental Services at Methodist church on Sunday at 11:00 o'clock. The city disposed of 500 lbs of fish last week.

John Linsay, of Staveland, was among those who enlisted in the 13th O. M. R. on Monday.

J. H. Walton, the buyers, is on the sick list this week, having fallen into the hands of la grippe.

Mrs. Larkin is making preparations for her spring millinery opening.

We were sorry to hear that Prof. Stephen was again compelled to go to the Calgary hospital with his throat trouble.

Another shipment of whitefish, pickled and pike will be in at the end of this week.

Mr. Binion, the C.P.R. express agent, left on Wednesday for the north to join the 82nd.

Don't forget the Red Cross Tea and sale of Home Cooking Saturday, Feb. 5th.

C. Turpin, of Claresholm, is seriously ill with pneumonia, at the home of his son, H. P. Turpin, in Nanton.

An acknowledgment has been received from C. H. Westmore, of the Christmas parcel sent to him by the citizens of Claresholm last December.

The Leap Year ball at the college on Friday last was a great success and everyone reports an excellent time. A very dainty lunch consisting of sandwiches, cake and coffee was served at 12 o'clock after which dancing was continued until 2 o'clock.

Many visitors from neighboring towns were present and were indeed pleased by the way they were entertained by the students of the C.A.C.

Staveland News Notes

Who was it said enough to the weather man?

The Ladies' Aid of the Methodist Church desire that all shall hope for a warm spell about St. Valentine's day, it being so hard to be sociable when one has shivers and gooseflesh.

The Burns Concert was well attended notwithstanding the severity of the weather, but seeing it was a Burning (Oh!) affair doubts were many did not feel the cold. The program was long and thoroughly enjoyed. However, only the truly Scotch gave the haggis a royal place.

Rev. J. Victor Honey is in Calgary this week attending the Temperance Convention.

Mr. Keiver made a business visit to Calgary last week.

Mr. Murray is having the big storehouse back of the elevator cleared to receive more wheat.

Mrs. Joe Brant gave a very successful tea in aid of the Red Cross, on Wednesday of last week. The next regular meeting of the society will be held at the home of Mr. Krivier and will take the form of a sock show.

Re Patriotic Fund—We read that Germany a short of copper. If brass would do perhaps some who do not wish to "fight or pay" could supply it.

Some have intimated that at the next session of the Legislature an Act will be introduced providing for taxation for patriotic purposes. We hope such legislation materializes as it will catch the shirkers.

The Red Cross Society have arranged with Rev. W. A. Fuller, of Parkland, to give his lecture on the war in the Presbyterian Church on Monday night, Feb. 7th. Don't miss it. The pictures are said to be grand and genuine.

Staveland Branch Women's Institute meets Saturday at the home of Mrs.

R. A. Hopkins. The Institute is now interesting itself in Red Cross work besides its regular program.

U. F. A. Notes

The executive of the U. F. A. met in Calgary last week for the purpose of discussing matters pertaining to the recent convention. A lot of business was done at the convention and well attended by the executive.

W. H. Wood, President of the U. F. A., will not move to Calgary as his professor, Mr. Spokman, did. He intends remaining on his farm and visiting the city when necessary. It is difficult to see how he can accomplish anything like the result achieved by Mr. Spokman unless he is right at head office.

There was a decrease of 400 in the membership of the U. F. A. last year. There are, however, about 2500 Alberta farmers who have become soldiers, many of whom were active U. F. A. workers. These probably account for the decrease.

Mr. Mitchell of Coaldale speaking at the Calgary Convention, said that in a years time the farm boy or girl who had not attended one of the agricultural schools in the province would be a back number.

R. S. Law was on the committee to devise ways and means of increasing the funds of the organization. Quite a number of us would like a little advice on the same problem nearer home.

The regular meeting of the U. F. A. meets in the hall next to the Advertiser office next Monday at 2:30. The delegates to the convention will report.

The Calgary newspapers did not report any of the speeches made by the delegates. The following are some of the most important resolutions passed by the convention:

Agricultural Banks
That the convention do urge upon the government the necessity of establishing an agricultural bank, whereby the farmers can obtain money at a more reasonable rate of interest than at present.

Tax Manuatures
That this organization urge upon the Dominion government the expediency of imposing on all protected industries a tax on the profits of such industry, over and above the cost of production.

Free Trade
That we request the government at Ottawa to pass legislation at once establishing Free Trade within the Empire as far as in their power. We consider the present a very opportune time for Canada, as the premier dominion, to lead the way in establishing closer business connections between the different parts of the Empire.

Free Wheat
That this convention of the U. F. A. endorse the policy of Free Wheat and that the delegates of this convention pledge themselves and locals to vote against any member of parliament who does not endorse and suggest by his vote the removal of wheat.

Returned Soldiers
That the funds needed to provide for the reinstatement in civil life of returned soldiers should be raised by taxation levied on such a basis as will give to all the honor of paying their fair share.

U. F. A. Sunday
That the Sunday nearest Mar. 24, Good Friday, be officially declared "U. F. A. Sunday" to be set apart for the discussion of U. F. A. affairs from a religious viewpoint.

Councillors' Term
That councillors of rural municipalities should be elected to serve for two years, but that half of such councillors should retire annually by rotation.

Banding Produce Merchants
That this convention go on record as favoring the licensing and banding of all commission men handling farm produce, whether it be livestock in the stockyards or poultry, dairy products, etc., on retail outlets or other media for trading purposes.

Change of Name
That the name, "Women's Auxiliary" be changed to the "United Farm Women of Alberta," a name that explains its meaning to everyone.

School Taxation
Whereas, the expense of conducting schools in the rural districts is continually increasing, and whereas the government is insisting on schools being kept open all the year round where possible, while the financial assistance given is very small and whereas the present system of taxation is most unfair and unequal; therefore we propose that the government pass a uniform tax on all lands subject to taxation, whether organized or not or used for ranching or farming. By this means the burden of education will be equally borne by all, and will give the government sufficient funds to allow for a fair education through the province.

A REQUEST...

There are, between two and three hundred subscriptions out and it would be a great help if these were all paid up. This is the dull season, and printers always look to their subscriptions to tide them over the winter. Our readers can readily see that even 300 subscriptions at \$1.50 each means quite a bunch of money to the publisher of a newspaper. So, gentle reader, don't forget the printer; he has a family to support and keep warm, and because you have reaped a good harvest this year don't be too proud to call and see him. The Advertiser is only \$1.50 per year in Canada; \$2.00 per year in the United States or Europe. Your renewal will be appreciated.

A Peace Proposal

If you want peace, sweet peace, in the family buy a FORD Motor Car. The town family wants to get out into the country, and the country family wants to get into the town, the FORD makes it in action. To the farmer a Car is a necessity, because Time is Money.

Palace Livery Barn, D. B. Vanhorn, Prop.

Proportional Representation

The question of proportional representation was discussed at the U.P.A. Convention and a resolution passed favoring it. The directors will take the matter up at an early date with both the Provincial and Dominion parliaments.

The method of election has been advanced by the farmers' union throughout Canada for some years. It was with interest we read the following report of a discussion which took place in the Calgary City Council on Wednesday last week:

"The scheme of proportional representation for Calgary, which A. J. Smith would like to see introduced here, was discussed at considerable length at Wednesday's meeting of the legislative committee of the city council. The project, so far as it applied to cities, was something new to a majority of the members, and there was a considerable divergence of ideas manifested during the debate.

Ex-Ald. Geo. H. Ross, who has made something of a study of the subject, explained the scheme to the committee at some length. He said it would do away with the injustice which he claimed now characterized our method of elections. For example, said Mr. Ross, the province of Alberta sent one Conservative member to the Dominion House and seven Liberals, whereas the proportion of voters was about 51 per cent. Liberal and 49 Conservative. The plan was to give the 49 per cent. of the electorate the 49 per cent. of the representation which they were entitled to.

Coming to the vote in the cities, Mr. Ross said that the same trouble existed. For instance, labor candidates for aldermen or school board might be supported by 40 per cent. of the people and yet fail of election. It was the same with the S.

cialistic and other elements, who found themselves virtually disfranchised.

Mr. Ross' remedy was to place all the names on the ballot, as is now done, and to have the voter mark in succession his first, second and third choice, for as many as there offices to be filled. The candidates having the largest percentage of chances were to be elected.

It was pointed out that it was quite possible, under this system, for a second or third choice man to be elected. In fact, this had happened in municipal elections in Toronto and Cleveland, in the United States, and the elections were in the courts in consequence.

Splendid Farm For Sale

610 acres, 44 miles s.w. of Stavely, 400 acres broken, 4 year's lease, super will get 4 of grain delivered at elevator. 200 acres summer fallowed. 8 roomed house, 2000-bushel grainary, stable for 8 horses, two good wells, 30 acres of hog pasture, 80 acres of pasture.

This is a genuine snap at only

\$22.00 per acre

This land is well worth \$30 per acre and has often earned that much in a single year and will do it again.

Owner has several other farms and cannot handle them all, hence the sacrifice.

The Moment We Raise

\$3,200

This Event Ends

MOORE & BROWN FAILED

An Unprecedented Step

After eleven months of a most successful business career in Granum we now find it necessary to place our entire stock in charge of D. F. Hughes, who comes to us recommended as being Canada's Greatest Cash Realizer and Business Adjuster. This man has contracted with us to convert \$3,200 of our stock into cash within the next eight days.

Having every confidence in his ability to accomplish this end, we have given him absolute authority to make whatever price concessions he may deem necessary, and have placed no restriction whatever—it is up to him to make the price and owing to the fact that our entire stock is involved, this will prove very different from the ordinary sale, it being customary, as a rule, to offer only short lots and ends at reduced prices.

We assure our many patrons and the general public that our customary honest treatment will be fully extended while Mr. Hughes is in charge and advise your early attendance before lines are broken.

Yours faithfully,

MOORE & BROWN.

To meet immediate pressing demands.

Their entire stock of Dry Goods, Clothing, Boots and Shoes, Furnishings and Groceries

FORCED ON THE MARKET AND NOW PLACED

AT THE MERCY OF THE PUBLIC

at prices that will jar the entire population of Southern Alberta

Extraordinary Methods Must be Chosen

This event will prove a sensation in commercial circles. I have contracted to convert \$3,200 worth of Merchandise into Cash in the short period of eight days.

Next to Nothing Prices will do the work. Note the conditions. I have accepted this stock and undertaken this great task only on conditions that I be not Restricted in making Price concessions, and promise the greatest saving chances ever offered in Alberta. The sell the amount required in such a short period of time means that drastic methods must be employed. Such wondrous and marvellous price-wrecking will rule that the name and fame of this Great Sale will ring all over Alberta. Cold type never before told the story of greater sacrifice. SPARE NOTHING is the battle-cry of this price measure.

The people of this vicinity well know the honorable methods which have established for this store such an enviable reputation. This reputation will be fully maintained while this great movement is in action.

Yours faithfully,

D. F. HUGHES

SLAUGHTER
BEGINS.....

SATURDAY, FEB. 5

at 10 a.m.
Sharp.
